You may think you're ready to interview *BUT* employers tell us most students aren't prepared.

What can you do *BEFORE* the interview?

Develop your skills online at:

www.perfectinterview.com/tntech/

- Create your *free* account and follow the easy on-screen instructions.
- Use ***Video Capture*** to record and playback your responses to the interview questions with a Webcam. (This requires compatible USB Webcam and software. If you don't have this equipment, visit Career Services and use our system.)
- Select the amount of *work experience* you have, the *type of position* you're seeking, the *length of interview*, and then click ***Start Interview***.
- Review your answers, view alternate responses and use the ***Coach*** option to develop an edge over the competition.
- Email your session for evaluation and recommendations with the ***Share*** function
