Tennessee Tech University

Scholarship Statement of Goals

All new students and currently enrolled students majoring in Agriculture, Chemistry/Health Sciences, Computer Science, History, Human Ecology, and Physics, please go directly to the departmental question form at this point and complete a goals statement or essay as requested.

All other currently enrolled students, please complete the following and submit with your application.

Please provide a statement (200 words or less) of how a scholarship would help you meet your academic and career goals.

I authorize representatives of the appropriate granting department to verify any information given on this application. Furthermore, I certify that all information provided on this application is truthful to the best of my knowledge. I understand that to knowingly provide false information is grounds for immediate forfeiture of any scholarship or consideration for any future scholarships.
